We have much to be thankful for, as a nation and as individuals. If our burdens have been heavy this year let us reflect upon the good things that have come to us. And if any of us feel that "bad luck" has exceeded the good, let us look into our own hearts and upon our own actions and see if the cause has not been largely within ourselves. To this store has come full measure of good fortune—not without hard work and constant watchfulness of its vast and diverse ramifications. But we have had much for which to be thankful—the continued confidence of old friends and the winning of many new ones.

Don't Suffer!

"I had been troubled, a little, for nearly 7 years," writes Mrs. L. Fincher, in a letter from Peavy, Ala., "but I was taken down, until March, when I went to bed and had a doctor. He did all he could for me, but I got no better. I hurt all over, and I could not rest. At last, I tried Cardui, and soon I began to improve. Now I am in very good health, and able to do all my housework."

TAKE CARDUI The Woman's Tonic

You may wonder why Cardui is so successful, after other remedies have failed. The answer is that Cardui is successful, because it is composed of scientific ingredients, and it acts curatively on the womanly system. It is a medicine for women, and for women only. It builds, strengthens, and makes weak and ailing women, to health and happiness. If you suffer like Mrs. Fincher did, take Cardui. It will surely do for you, what it did for her. At all druggists.

A Clean Man

Outside cleanliness is less than half the battle. A man may scrub himself a dozen times a day, and still be unclean. Good health means cleanliness not only outside, but inside. It means a clean stomach, clean bowels, clean blood, a clean liver, and new, clean, healthy tissues. The man who is clean in this way will look it and act it. He will work with energy and think clean, clear, healthy thoughts.

He will never be troubled with liver, lung, stomach or blood disorders. Dyspepsia and indigestion originate in unclean stomachs. Blood diseases are found where there is unclean blood. Consumption and bronchitis mean unclean lungs.

Dr. Pierce's Golden Medical Discovery

prevents these diseases. It makes a man's insides clean and healthy. It cleans the digestive organs, makes pure, clean blood, and clean, healthy flesh.

It restores tone to the nervous system, and cures nervous exhaustion and prostration. It contains no alcohol or habit-forming drugs. Constipation is the most unclean uncleanliness. Dr. Pierce's Pleasant Pellets cure it. They never gripe. Easy to take as candy.

A number of our denizens went to Hondo Monday to attend district court. A fine soaking rain began falling Monday evening and continued until late Tuesday night. The soil is now in fine condition and our farmers are busy planting oats.

The infant son of Mr. and Mrs. Arthur Grimsinger died Tuesday morning after a lingering illness at the home of his grandparents, Mr. and Mrs. A. L. Grimsinger of this place, and was laid to rest at the Sons of Herman cemetery on Wednesday morning.

The result of last Tuesday's special election for district No. 1, Castroville, is as follows: For abrogating the tax, 37; against abrogating the tax, 8.

Mr. Henry Vonlie left Thursday for Biry on business bound.

Miss Elizabeth Grief, after spending several weeks with friends in our midst, returned to San Antonio Thursday.

A number from here attended the races at Biry Saturday.

Mrs. Robert L. FitzSimon of San Antonio arrived in our midst Saturday on a visit to home folks, Dr. J. T. FitzSimon and family.

A heavy norther swooped down on us Saturday night.

Dr. Jno. T. FitzSimon left Sunday evening on a business trip to Galveston, Houston and probably other points east.

A Mexican woman died at Lacoste Saturday night and the remains were brought to Castroville Sunday evening and buried at the Mexican cemetery.

Mr. and Mrs. Seb. Tschirhart left this (Monday) morning for Bandera to attend the marriage of their son, Sebastian Jr. to Miss Olga Haby.

Adolph Ahr left this morning on a business trip to Del Rio.

Emil Kreisle will re-open his blacksmith shop in the near future.

Castroville, Texas, Nov. 13, 1911.

Cause for Alarm
Loss of Appetite or Distress After Eating a Symptom That Should Not Be Disregarded.

Appetite is just a natural desire for food. Loss of appetite or stomach distress after eating indicates indigestion or dyspepsia. Over-eating is a habit very dangerous to a person's good general health.

It is not what you eat but what you digest and assimilate that does you good. Some of the strongest, heaviest, and healthiest persons are moderate eaters.

There is nothing that will cause more trouble than a disordered stomach, and many people daily contract serious maladies simply through disregard or abuse of the stomach.

We urge all in Hondo who suffer from any stomach derangement, indigestion, or dyspepsia, whether acute or chronic, to try Rexall Dyspepsia Tablets, with the distinct understanding that we will refund their money without question or formality, if after reasonable use of this medicine, they are not perfectly satisfied with the results. We recommend them to our customers every day, and have to hear of any one who has not been benefited by them. We honestly believe them to be without equal. They give very prompt relief, aiding to neutralize the gastric juices, strengthen the digestive organs, to regulate the bowels, and thus to promote perfect nutrition, and eradicate all unhealthy symptoms.

We urge you to try a 25c box of Rexall Dyspepsia Tablets, which gives 15 days' treatment. At the end of that time, your money will be returned to you if you are not satisfied. Of course, in chronic cases length of treatment varies. For such cases, we have two larger sizes, which sell for 50c and \$1.00. Remember, you can obtain Rexall Remedies in this community only at our store—The Rexall Store, Willmann & Martin.

Trouble is one of the things we might just as well put off till tomorrow.

Why Take Calomel?

When Simmons' Liver Purifier is so easy and pleasant, yet acts just as thoroughly as those harsh purgatives. (In yellow tin boxes only.) Price 25c. Tried once, used always.

Coughing at Night
Means loss of sleep which is bad for the children and hard on grown persons. Foley's Honey and Tar Compound stops the cough at once, relieves the tickling and dryness in the throat and heals the inflamed membranes. Contains no opiates and is best for children and delicate persons. Refuse substitutes. Willmann & Martin.

When a man wants a change of scene he might become a stage hand.

Chamberlain's Stomach and Liver Tablets do not sicken or gripe, and may be taken with perfect safety by the most delicate woman or the youngest child. The old and feeble will also find them a most suitable remedy for aiding and strengthening their weakened digestion and for regulating the bowels. For sale by all dealers.

DOCTORS FAILED. RESTORED BY PERUNA.

Catarrh of the Lungs
Threatened Her Life.

Miss Ninette Porter, Braintree, Vermont, writes: "I have been cured by Peruna."

"I had several hemorrhages of the lungs. The doctors did not help me much and would never have cured me. I saw a testimonial in a Peruna almanac of a case similar to mine, and I commenced using it."

"I was not able to wait on myself when I began using it. I gained very slowly at first, but I could see that it was helping me."

"After I had taken it a while I commenced to raise up a stringy, sticky substance from my lungs. This grew less and less in quantity as I continued the treatment."

"I grew more fleshy than I had been for a long time, and now I call myself well."

WOMEN

Women of the highest type, women of superior education and refinement, whose discernment and judgment give weight and force to their opinions, highly praise the wonderful corrective and curative properties of Chamberlain's Stomach and Liver Tablets. Throughout the many stages of woman's life, from girlhood, through the ordeals of motherhood to the declining years, there is no safer or more reliable medicine. Chamberlain's Tablets are sold everywhere at 25c a box.

Foley Kidney Pills
Tonic in Action - Quick in Results

Give prompt relief from BACKACHE, KIDNEY and BLADDER TROUBLE, RHEUMATISM, CONGESTION of the KIDNEYS, INFLAMMATION of the BLADDER and all annoying URINARY IRREGULARITIES. A positive boon to MIDDLE AGED and ELDERLY PEOPLE and for WOMEN.

HAVE HIGHEST RECOMMENDATION
S. A. Davis, 627 Washington St., Concordville, Ind., is in his 85th year. He writes us: "I have lately suffered much from my kidneys and bladder. I had severe backaches and my kidney action was too frequent, causing me to lose much sleep at night, and in my bladder there was constant pain. I took Foley Kidney Pills for some time and am now free of all trouble and again able to be up and around. Foley Kidney Pills have my highest recommendation."

A Morning Reminder.

You awake with a mean, nasty taste in the mouth, which reminds you that your stomach is in a bad condition. It should also remind you that there is nothing so good for a disordered stomach as Chamberlain's Stomach and Liver Tablets.

They build up the system, assist nature to restore natural conditions, and are so gentle in their action that one hardly realizes a medicine was taken. Chamberlain's Tablets are sold everywhere. Price 25c.

THE greatest man is he who chooses the right with invincible Resolution; who resists the sordest temptations from within and without; who bears the heaviest burdens cheerfully; who is the calmest in storms, and whose reliance on Truth, on Virtue, on God, is the most unfaltering.—Channing.

OF course, Governor Colquitt in due time will issue his perfunctory Thanksgiving proclamation. But, calmly considered, what future political favors has Colquitt in anticipation to be thankful for?—Texas Republic. Possibly it is the prospect that he will never be handicapped by the support of Uncle Mose and his Texas Republic!

Woodrow Wilson is developing a wonderful strength in Texas as the prospective Presidential candidate for 1912. We think, however, that Hon. O. B. Colquitt will make Texas a good second-term Governor.—Hondo Anvil Herald. How any man can support Woodrow Wilson and Governor Colquitt at the same time is one of the mysteries that The Republic does not attempt to unfathom. Wilson and Colquitt differ on every question, almost, that is of public interest, and neither could consistently ride in the other's band-wagon.—Texas Republic. Who said he was supporting both Wilson and Colquitt?

HONDO wants your holiday trade.

Well Taken.

THE Hondo Anvil Herald says: WHEN macadamized roads permeate Medina County rainy weather will have no terrors for the man who must travel. But macadamized roads cost lots of money and it will be many years before many miles of macadamized roads may be expected. In the meantime, however, there are many ways in which we can all help to hasten that good day.

Of course, it costs money to build macadamized roads or to provide any public improvement of consequence, but anything of value is worth paying for. Medina County may not be able to have a perfect system of macadamized highways all at once, but a beginning can be made and the sooner the better. Each improved highway is an object lesson and an inducement to further improvements. San Antonio Express.

HON. J. F. Carl, one of the ablest young lawyers of San Antonio and at present Assistant District Attorney by appointment of Governor Colquitt, is being solicited by friends from all over the state to run for the office of Attorney General of the state at the Democratic primary next year. Mr. Carl is a man of unimpeachable character, of a calm, judicial temperament, and would fill the office with ability and with honor to the state. We hope Mr. Carl may see his way clear to make the race as it would give the Anvil Herald the greatest of pleasure to support him.

HON. W. D. Love of Uvalde has announced as a candidate for the position of Associate Justice of the Court of Civil Appeals for the Fourth Supreme Judicial District. As the western part of the district is now without a representative on this bench, Judge Love will no doubt make it very interesting for the other candidates for the position.

New Fountain Notes.

BY NARRATOR.

ED. ANVIL HERALD:—

The entertainment and box supper that was to take place at the New Fountain school house on Nov. 4 and which was postponed on account of the inclement weather will now be had on Saturday night, Nov. 25th.

Henry Zinsmeister, George and Henry Bless, three of Brackett's "sports" and former Hondo "chaps", stopped off at Hondo last week while on their way home from the International Fair, and are spending a week visiting relatives and friends in this vicinity.

Mr. and Mrs. Fritz Helake and two little children returned last Friday from San Antonio where they had been attending the conference and taking in the fair.

W. H. Wiemers and Willie Heyen also attended the Annual Conference that took place in San Antonio this year. The writer has no definite particulars as to who has been transferred to take charge of the New Fountain Church.

Mr. and Mrs. Elme Saathoff were among the fair visitors last week, while there, Mr. Saathoff had his pocket picked and was relieved of his money.

Mr. and Mrs. Willie Metzger of Guffy, Texas, were here on a visit to Mr. and Mrs. Louis Metzger the fore part of last week.

Willie Schientz was a San Antonio fair visitor last week.

Louis Bohmalk visited relatives at Yancey the latter part of last week.

Wm. Kummelbaum came out from San Antonio last Sunday and was the guest of Henry Bass, returning Monday.

Wm. Nagel of Fredricksburg, and of the firm of Nagel Bros., manufacturers of the Granite Monument at that place, was here on business in the interest of his firm and talked tomb-stones to some of our citizens.

Johnie Britsch and Alvin Mumme returned last week after a few days hunt in the mountains well loaded with venison; so, at least, their story goes.

Gustave Britsch came down from Bandera county last week right after the rain and complained about the muddy road, saying that the same had been almost impassable. He then also told the writer how upon a former occasion, during the hot, dry, summer months, he had come the same road bringing his dog with him, a valuable dog no doubt, for fear of losing him, he kept the dog tied to the buggy, leading him. But when he got here his dog was dead, suffocated from the dust so he claims. The writer remarked that the dog probably had been choked to death, which he steadfastly denied giving the entire cause to the dust. The writer finally agreed with him that the dog was suffocated, for everybody knows that Gus. is a truthful man.

John Schuehle and Louis Meyer passed by here Monday with a nice bunch of fat cattle for the damsite butcher.

A good many hogs were killed Monday, owing to the norther that blew up Saturday night.

Mrs. Charles Metzger and Miss Louisa, were here from Hondo Monday. George Balzen was a business visitor to Hondo Tuesday.

Andrew Martin came over from Dunlay Sunday and spent the day with friends here.

August Gerdes and Miss Maggie Feitig of Hondo were pleasant visitors in our burg Sunday.

Mr. and Mrs. Henry Hartmann were visitors at Bader Settlement, and at which place I am sorry to state Mrs. Ludwig Moehring is still reported very sick.

The dance and box supper given by the patrons of the Vandenberg school at the school house last Saturday night was a grand success despite the cold norther that blew up during the auction sale. At about 11 o'clock, or just before the norther blew up every body thronged about the stand where the auction was to take place and where Louis Decker made a very enthusiastic talk in behalf of the school, and slightly criticised the fair sex. As the many fancy baskets containing the edibles were brought to view by Louis Saathoff, the auctioneer, the enthusiasm was aroused and every body was anxious to buy a basket. Some of which brought fancy prices and the edibles they contained were delicious, and I hope that none went home hungry for there was plenty of it and some to spare. On behalf of others as well as my self, the writer extends sincerest thanks to Mr. and Mrs. Otto Mumme in providing their dining-room and their hospitality shown during repast. New Fountain, Nov. 14, 1911.

ORIGIN OF THE SEDAN CHAIR

Most Common Means of Travel in
European Cities in Seven-
teenth Century.
The Sedan chair, so called from the
French town in which it was first
made, was the most common means of
travel in European cities in the seven-
teenth and part of the eighteenth cen-
tury. Soon after they came into use
in Sedan they became extremely fash-
ionable, and were in common use
among the wealthy classes for nearly
300 years.
The first Sedan chair seen in Eng-
land was in the reign of James I., the
duke of Buckingham being the own-
er. It was in 1581 that the duke first
appeared publicly in the vehicle, and
there was no end of popular clamor
about it. The people indignantly de-
clared that the duke was employing
fellow creatures to do the work that
properly belonged to beasts, and de-
manded of the king that he banish the
chair. The sovereign refused, how-
ever, to interfere with the duke's
fancy vehicle and presently the popu-
lar indignation cooled off.
It was not until 1634 that Sedan
chairs gained any considerable de-
gree of popularity in London. In that
year Sir Francis Duncombe obtained
an exclusive franchise to use, let, and
hire Sedan chairs in London for a
period of 14 years. The titled friend-
of the king thus founded what may
be called the first 'cab stand' in Lon-
don. By 1649 Sedan chairs had come
into common use in England.
Meantime they had spread in popu-
larity on the continent, Spain being
one of the early countries to adopt
them.
Making Use of Street Rubbish.
At Southwark, London, and at St.
Ouen, France, street rubbish is trans-
formed into marketable product. At
Southwark all the refuse is crushed to
a powder, which is sold as a manure.
At St. Ouen the powder thus made,
with the addition of combustible sub-
stances, is formed into a cheap fuel.

Conviction Upon Circumstantial Evidence is not Always Justice.

The management of the Lyric Theatre has heard a rumor that some patrons who have attended either one of the feature program evening's entertainment, "Dr. Cook's Trip to the North Pole" or "101 Ranch", have the opinion that we simply did what might be termed a "gouging" act, meaning that we charged 20c for a 10c show. While this may appear in that light to some, it is not true.

The management is willing to admit that the two entertainments mentioned above were not what could be expected either by the patrons or ourselves. But, in our endeavor to provide for the entertainment of Hondo people, we secured these two feature programs thinking we were getting something worth what we had to pay and also worth 20c and 10c to patrons. Either one of these features cost us four times as much as three reels of our regular film service, and that is the only reason why the additional price was charged. If we had known that these features were before buying same, you can rest assured, neither one would have been secured. We have to take them for what the dealers say they are and they get their pay before we show them. There are a great number of these feature films that are worth the price asked, but the Lyric has been unfortunate in getting two poor ones on the start, and feeling that some of our patrons throw the entire blame on the management, we have decided not to take any more chances on feature pictures, but will use our regular service which we know is worth the money we charge for admission, and most of them are equal to either one of the features mentioned above, and the price of admission will be in the future 10c and 5c for every evening's entertainment.

It will also be our intention to secure pictures that will be uplifting as well as entertaining, and a great many of them are educational. Hereafter we will only give one show, starting promptly at 8:15 o'clock. This makes at the very least, one hour's entertainment, and at every evening's show there will be three reels of pictures of approximately a thousand feet each. And these pictures will be of the same class that you will see in San Antonio at the same price. The pictures we use are exhibited here one day before they are shown at the Majestic theatre, San Antonio.

If the public will help build up this entertainment institution Hondo can have a Picture Play house that will be highly instructive as well as a suitable place to spend an evening and see the production of master minds, who could not possibly afford to appear in places as small as Hondo. When all people including business men, members of the different churches and instructors in our schools realize the trend of the latest moving pictures, they will no longer look upon it as an undesirable form of amusement. All we ask is that you come and see.

LYRIC THEATRE,
Mrs. M. M. Osborn, Mgr.

Married.

Mr. A. D. Gerdes and Miss Margarete Feitig were happily married at the home of the bride's parents, Mr. and Mrs. August Garteiser, in this city at 3:30 o'clock p. m., Wednesday, November 15, 1911. Rev. Father J. J. Myers, pastor of the local Catholic Church performed the ceremony.

The groom is a hustling young stock-farmer of sterling character. His bride is the pretty and accomplished daughter of Mrs. August Garteiser and happily endowed with those graces of mind and heart that so befit her to be the queen of the fortunate groom's heart and home.

The happy pair left on the evening train for a honeymoon trip to Galveston after which they will be at home in their pretty new residence in the Brown-Woods Addition to Hondo.

The Anvil Herald joins in extending to the happy young people all of the compliments of the occasion.

Ingenious Little Invention.

Some college girls invented an ingenious apparatus for boiling a kettle, when they wanted tea instead of a chafing dish concoction. It is made of heavy wire, bent at the ends to rest on the chafing dish frame. A hardware dealer will make it for a few cents. The kettle is set down on the framework, which comes within two inches of the frame.

DISPLAY OF TRADES FLOATS

A GREAT SPECTACULAR SHOW ON WHEELS.

Each Car an Attraction in Itself, and Fifty or More in Line at Houston Carnival in November.

At costs representing in each individual float a liberal outlay of money, upwards of fifty or more huge and elaborately designed trades and allegorical cars will move through the principal streets of Houston in a grand and unparalleled Trades and Commercial Parade.

All of the large industries, factories, private firms of various kinds and trades have responded to the requests of the committee in charge of this feature with pledges to furnish cars. None of these cars will represent an outlay of cash less than several hundreds of dollars. Imagination and artistic instinct and skill will be lavished in the designing and construction of each of these floats. Careful study will be given to every detail, and time and money to the execution of those designs.

This parade will be a mammoth concourse of spectacular shows on wheels. Each car will be an entire attraction in itself, and the combined train will be a bewildering and awe-inspiring sight that will excel all previous attempts of the sort.

Propitious conditions have made these results not only possible this year, but have assured them. The committee on this street event has met with a whole-hearted spirit of liberal co-operation on the part of the financially strong commercial and industrial institutions of Houston. Everything has favored success, and the work has now progressed to the point where the promoters of the affair could not check the onward speed of the work with airbrakes.

Skilled artisans, painters, scenery builders and other workmen have been engaged from all over the country. In addition to the trades and industrial floats mentioned, there will be a multitude of other features in this parade that will stretch it out over blocks and blocks of the city.

At every interval there will be a band wagon carrying an excellent aggregation of musicians from the best bands in the country. Music will be provided without stint or room for desire.

Those who miss this spectacle will regret it the rest of their lives. It will be educational and instructive to a degree that can not be surpassed or replaced. To miss this sight will be to throw away an opportunity that can not be recalled.

CONFEDERATE DAY PARADE

Ante-Bellum Days Will Be Reproduced on Allegorical Cars--Committees Arrange Details.

Nine unique and strictly ante-bellum allegorical pieces, representing typical scenes and institutions of the Old South, will be features of the Confederate Veterans' parade to take place in Houston during the No-Tau-Oh Carnival.

The piece de resistance will be a large float carrying a typical log cabin scene in the center of which will sit a great, healthy negro "mammy." This float will be furnished and decorated by J. Allison Brown. The remaining eight floats will be decorated by the members of the Robert E. Lee and Oran M. Roberts chapters, Daughters of the Confederacy. Another feature that promises to prove an unqualified success will be the presence of eight members of the Daughters of the Confederacy dressed in strictly 1859 fashion and riding on white horses. Arrangements have been made by Mrs. H. A. Dean to procure the horses for this purpose.

The members of Dick Dowling camp will walk in the parade in Confederate uniforms.

David S. Burks, president of the No-Tau-Oh association, has offered to give the veterans all the assistance needed to make the parade a success. The association will furnish bands for the parade and a number of the floats.

The local Spanish war veterans and members of the Houston Light Guard will be invited to take part and an invitation will be sent to all children in the Houston public schools asking them to join in the parade.

All the chapters of United Daughters of the Confederacy in the State, all State camps of United Confederate Veterans, all officers of the Texas division, United Confederate Veterans and United Daughters of the Confederacy, the mayor of Houston and members of the city board of commissioners and the officers of the No-Tau-Oh association were officially invited to participate.

Illumination the Finest Ever.

The illumination of the streets, which is done by the association itself, will cover twelve blocks more than last year, which fact alone is an indication of the more extensive plans that the association is carrying out this year.

Reports from all committees indicated that the arrangements for everything are now practically complete. All of the big features of the week have been arranged for, and the committees are vying with one another to make their own feature the best. The good-natured rivalry will result in giving Houston the greatest Carnival in its history.

IN THE WORLD OF SPORT

Sheckard, Cubs' Veteran Outfielder, Who May Be Traded.

Photo by American Press Association.

Rumors are now in circulation along the National league circuit that Jimmy Sheckard, the Cubs' veteran outfielder, will not wear a Chicago uniform next season. The reports say Manager Chance is anxious to land a good twirler and is willing to part with his left gardener. Sheckard is considered to be one of the greatest lead off men in the game.

New Australian Swimming Phenom.

It took time to get here, but the Australian mail finally brought the following, which is given unblushingly: "For several years Australia has been remarkable for the production of fast swimmers, and the land of the kangaroo has maintained its reputation this season with another out and out phenom. Unlike the Cavills, Kierpan, Wickham and Beaurepaire, who took more or less time to develop into the championship class, this new man, or rather, boy, has earned record fame at almost his first header into the brine.

"The name of the new wonder is W. Longworth, and he hails from Rose Bay, New South Wales."

Jem Driscoll Now Bookmaker.

Jem Driscoll, England's featherweight champion, has permanently retired from the ring to become a bookmaker's partner on the English turf. In a recent interview Driscoll said that he didn't believe his health would allow him to train again and that, furthermore, he was tired of the game. "Abe Attell is the best featherweight," said Driscoll, "and he can justly lay claim to the world's title. There isn't a boxer in Great Britain who can beat him in a twenty round bout. I beat him by a shinde in New York, and I can tell you that he made me travel at a fast clip."

Innovation For Cricket.

An interesting innovation was tried in Edinburgh by playing cricket with a time limit. A team of professionals brought together by Plover of the Academicals opposed a team composed of the best amateur players in that city, each side being allowed two hours to bat, the highest score deciding the match.

Unfortunately the amateurs were disposed of in a little more than the hour's time, and what promised to be an interesting contest had to be classed as somewhat of a failure, the professionals winning comfortably.

Do Pitchers Toil Enough?

Now and then a little curiosity is expressed as to whether the modern pitchers have work enough to keep them in good condition. This doesn't refer to their physical condition, but to their pitching condition.

The custom has grown upon managers to shift pitchers in a hurry if they happen to be batted hard when the game is close. For that reason almost all ball teams are carrying more pitchers in comparison with the actual work that they do on a ball field than they ever did.

Tryouts For Olympic Aspirants.

The Amateur Athletic union committee has practically selected San Francisco, Seattle and Portland for the Pacific coast where candidates will contest for places on the American Olympic games team; Chicago, Cincinnati and Cleveland for the middle west, and Philadelphia, Boston and New York for the east. The scenes of the tryouts between the athletes of these cities will probably be Portland, Cincinnati and New York. It is likely only three athletes will be chosen for each event.

Fletcher Duplicates Racing Success.

The double success scored by J. Clarence Fletcher of Toronto in his Japanese racing last year, when he won the Emperor's cup and the Championship cup at the Nippon Race meeting with the Australian bred mare Woodbine, has been duplicated this season by the young Canadian. A mare called Blue Bonnets won both cups this year.

Woman's World

Mrs. Edward McLean's Interest in Gems Scientific.

Photo by American Press Association.

MRS. EDWARD B. McLEAN.

Mrs. Edward B. McLean, who recently acquired the famous Hope diamond, is said to have a greater interest in gems and minerals from a scientific viewpoint than from a woman's usual liking for adornment. She is said to have almost as keen an insight into mining as her father, Thomas F. Walsh, had. With him she often made journeys to the mines in Colorado and other places and often advised him. After he established a fund for the Colorado School of Mines she gave money to the school for the payment of the tuition of students without means. Mrs. McLean is interested greatly in philanthropic work.

A New Business For Women.

"There are all kinds of ways of making a living," said a woman dweller in a New York apartment house to her neighbor across the hall. "For instance, yesterday morning my front door bell rang, and I opened it to find facing me a smartly groomed, pretty young woman, who immediately inquired whether I was Mrs. A. Having been satisfied as to the identity, she handed me a visiting card with this superscription:

MISS BROWN,
Special Representative
JONES & JOHNSTON.

"She explained that the object of her visit was to see why I had discontinued being a charge customer of the firm she represented. It seems that the young woman's position is chiefly that of a commercial peace-maker. Patrons of tag department stores, she told me, often take offense at some fancied or real wrong which they have received at the hands of one of the employees and in consequence stop buying goods at the shop. After a certain number of months have gone by without a charge customer having availed herself of her credit privilege a circular letter is sent to her asking why patronage has been withheld.

"Should the firm receive no response to this inquiry it becomes the duty of the special representative to find out the reason why. So she appears at the house of the delinquent in the guise of a 'chaser' to smooth out the trouble if possible and bludge the trail, as it were, to renewed patronage. Later on the matter is placed in the hands of the complaint department, which in turn takes it up with the ex-customer.

"You have no idea how many cases of this kind we have, which could be reached in no other way, the peace envoy explained. After finding out that a prolonged absence from town was the only cause of my loss of trade the little lady, smiling, bowed herself away, leaving me ruminating upon the many tricks of the trade."

Successword.

Miss Annie S. Peck, the famous mountaineer, was talking at a garden party in Boston about her contemplated climb in the Andes.

"To what," said a girlhood friend from Providence, "do you attribute, Miss Peck, your success as a mountaineer?"

"Simply to perseverance, to assiduity," the other answered. "That is the secret of all success. A great department store keeper put the idea, though, more neatly than I have done. At a birthday dinner he said: 'I attribute my success to the fact that, if a customer doesn't see what she wants, I've always made her want what she sees.'"

Thought It Was Cheese.

The serious minded girl at the summer hotel had just got acquainted with the latest male arrival. Instead of talking about something interesting, she tried to draw him into a discussion on ethics. He listened gravely while she discussed Schopenhauer and Kant. Finally she asked, "Do you agree with Spinoza?"

He brightened up at that. "It's a funny way to put it," he laughed. "I suppose you mean does Spinoza agree with me. No, I can't say it does. These imported cheeses make me sick, but I'm fond of York state. Do you like deviled crabs?"--Boston Traveler.

D'HANIS DOINGS.

Items of Interest Culled or Condensed from The D'Hanis News.

A SURPRISE PARTY.

A surprise was tendered Mr. Aug. Rothe on Sunday, Oct. 29th, 1911. His 65th birthday occurred on Oct. 16th, and, in order to commemorate the event, a number of his friends gathered at his beautiful home. Those who participated were: Messrs. Chas. Boog and wife, Chas. Walrath and family, F. E. Saathoff and wife, J. B. Ney and wife, Pete Koch Jr. and family, Joe Sauter and family, Jacob Vogel and family, Bill O'Donnell and family, Joe Koch and family, Alfred Nester and family, Mrs. Jacob Sauter, Messrs. F. Rothe Sr., L. Rothe, C. F. Luckenbach, Toby Sauter, E. Brotze, Carson, Louis Richter, Erich Rothe, and the honored host and family, Mr. Aug. Rothe. Mr. Aug. Rothe was presented with a pair of elaborately finished spurs. The sentiment to be expressed was to remind him that through the aid of spurs, he accomplished things that appear miraculous. When the Indians were after his scalp near Barn's Bluff, he needed spurs, and they did him service he will never forget. The thought occurred to him many times since that, without spurs and a good horse, he could never have placed himself in safety.

Mr. Chas. Boog, his old time friend, was selected master of ceremonies. He addressed the recipient in touching terms, which caused all to envy Mr. Rothe now, emphasizing that he well deserved the token and that he deserved the beautiful home he now calls his own.

A sumptuous barbecue had been prepared by Messrs. Erich Rothe and Louis Richter. All kinds of refreshments were on hand and the singing of mixed and male choirs was enjoyed by all. On the windup Mr. Aug. Rothe appeared to be at least ten years younger and expressed the hope that he will be placed in a position to reciprocate the treat of his friends.

C. F. L.

Those who attended the Fair Saturday were: Mrs. Stalling, Misses Maggie Rudinger and Maggie Langfeld, Messrs. J. Yaeger, T. J. Rohrer, Fred Carle, Henry Langfeld and Reily Carle. All reported a good time.

Mr. Virgil A. Johnson on Saturday last received three car loads of steers

from his son, Louis, at Lytle, and moved them to his pasture south of town.

Mr. Willie Weynand left Wednesday evening for San Antonio to take in the Fair which is now in progress in that city.

A brand new baby boy arrived at the home of Mr. and Mrs. Hy. Rohrbach last Sunday night. Everybody concerned is doing well.

Mrs. Nick Deckert and three of her children attended the Fair at San Antonio the first of the week.

Miss Jane Enderle and Mrs. Earnest Therp left Wednesday morning for Knippa to see their sister, Mrs. Will Knippa.

Mr. Oscar Rothe left Tuesday evening for San Antonio to visit the Fair.

Mr. Ben Langfeld and sister, Miss Mary, of San Antonio are here on a visit to their father, Mr. Geo. Langfeld who is very sick.

Miss Gertrude Koch was a Hondo visitor Saturday last.

On the 3rd of this month, Mr. Aug. Koch killed the first Buck of the season. He was said to be a fine one. Mr. Alfred Nester killed a fine buck on Nov. 4th.

M. F. Moore, Druggist.

A druggist at Westmoreland, Kan., M. F. Moore by name, writes that he can get affidavits from customers saying that they were cured of chronic constipation, indigestion, etc., by the use of Dr. Caldwell's Syrup Pepsin, the great laxative and tonic. He says, further, that he has been a druggist for 25 years, but has never known of a better remedy for these troubles than Dr. Caldwell's Syrup Pepsin, which he also uses in his own family. It is absolutely guaranteed to do all that is claimed, and if you want to try it before buying, send your address for a free sample bottle to Pepsin Syrup Co., 119 Caldwell Bldg., Monticello, Ill. It is sold by all dealers at 50c and \$1 a bottle.

MANY SHRINERS COMING

And Their Parade During the No-Tau-Oh Carnival Will Be a Memorable One.

Over seven hundred Shriners are expected to come to the city for Shriners' Day and take part in the big parade. Shriners in a number of Texas towns have signified their intention of attending the Carnival, and their part of the celebration promises to be a big event.

In many ways indications are that the coming Carnival will be a memorable one. The illumination of buildings throughout the city will very likely be more general this year than ever before, and already a number of the leading firms, office buildings and banks have promised to illuminate. Among those who have already given their word are the Texas company, Foley Brothers, the First National bank, the Houston National bank, the Brazos hotel annex, the South Texas National bank, the Houston Cotton Exchange, the Union National bank, Levy Brothers, the Bristol hotel, the Southwestern Telegraph and Telephone company, the Carter building and many others.

There Will Be Cheap Rates.

In view of the cheap rates which have been announced by all the railroads from all sections of Texas, the association this year will advertise throughout the length and breadth of the State.

A Father's Vengeance

would have fallen on any one who attacked the son of Peter Bondy, of South Rockwood, Mich., but he was powerless before attacks of Kidney trouble. "Doctors could not help him," he wrote, "so at last we gave him Electric Bitters and he improved wonderfully from taking six bottles. Its best Kidney medicine I ever saw." Backache, Tired feeling, Nervousness, Loss of Appetite, warn of Kidney trouble that may end in dropsy, diabetes or Bright's disease. Beware! Take Electric Bitters and be safe. Every bottle guaranteed. 50c at W. H. Windrow's.

This would be a fine old world to live in if a man could swap half a dozen of his air castles for a three room cottage on a few square feet of real estate.

Chilblains, frosted feet or hands, can be cured with one or two applications of BALLARD'S SNOW LINIMENT. It quickly relieves itching or tenderness of the flesh. Price 25c, 50c and \$1.00 per bottle. Sold by W. H. Windrow.

Children who have worms are pale, cross, fretful, and sickly most of the time. To rid the little body of these parasites WHITE'S CREAM VERMIFUGE is an approved remedy. When the worms have been driven out the child grows strong, healthy and robust. Price 25c per bottle. Sold by W. H. Windrow.

FOR SALE, three choice lots south east corner block, and a neat three-room house near the school house for \$1600. Will sell house and one inside lot for \$1100. Either proposition is a bargain. See the Hondo Land Co., Taylor & Davis, Managers.

Ballard's SNOW LINIMENT
 The Right Remedy for All Affections of the Throat.
 The wound is cleansed and the inflamed tissue promptly eliminated. The process begins at the center and the wound heals from the inside outwardly, thus producing a perfect cure that leaves no scar. If the wound is on the outside too quickly, it breaks out into a running sore that is hard to cure and eventually leaves a bad mark.
 Cures of blooded stock prove this liniment to all others. It cures the wound, and they use it only on fine animals, but it cures human flesh as it does its work quickly and thoroughly.

Dr. Miles' Heart Remedy
 cured Mrs. C. C. Gokey, of a stubborn case of heart disease, such as thousands are now suffering with. Read what she says:
 "Before I began taking Dr. Miles' Heart Remedy I had been suffering from heart trouble for over five years. I had grown so weak that it was impossible for me to do thirty minutes work in a whole day. I suffered intense pains in my left side and under the left shoulder blade, and I could not sleep on the left side, and was so short of breath that I thought I should never be able to take a full breath again. The least excitement would bring on the most distressing palpitation. I had scarcely taken a half-bottle of the Heart Remedy before I could see a marked change in my condition. I began to sleep well, had a good appetite, and improved so rapidly that when I had taken six bottles I was completely cured."
MRS. C. C. GOKEY, Northfield, Vt.
 If you have any of the symptoms Mrs. Gokey mentions, it is your duty to protect yourself.

Saved Many From Death.
 W. L. Mock, of Mock, Ark., believes he has saved many lives in his 25 years of experience in the drug business. "What I always like to do," he writes, "is to recommend Dr. King's New Discovery for weak, sore lungs, hard colds, hoarseness, obstinate coughs, la grippe, croup, asthma or other bronchial affection, for I feel sure that a number of my neighbors are alive and well today because they took my advice to use it. I honestly believe it's the best throat and lung medicine that's made." Easy to prove he's right. Get a trial bottle free, or regular 50c or \$1.00 bottle. Guaranteed by W. H. Windrow.

If we could see ourselves as others see us we probably wouldn't want to look often.

Balked at Cold Steel.
 "I wouldn't let a doctor cut my foot off," said H. D. Ely, Bantam, Ohio, "although a horrible ulcer had been the plague of my life for four years. Instead I used Bucklen's Arnica Salve, and my foot was soon completely cured." Heals, Burns, Boils, Sores, Bruises, Eczema, Pimples, Corns. Surest Pile cure 25c at W. H. Windrow's.

The Development Dollar.

There is no part of our circulating medium so important to our progress as the development dollar. It is the empire builder. It is the most active, generous and peaceful of our legal tender and it is constantly seeking to develop our latent resources. It opens our mines, builds our factories, our railroads and our large industrial enterprises, and it is always a busy dollar.

Its inordinate desire for activity and its forgiving spirit makes it a target for legislation and rather than lie idle, it will submit to most any legislative handicap and plead guilty to most any charge, provided it is permitted to return to its appointed task without delay. Its generosity makes it the most popular dollar in circulation for where-ever invested, it makes a free and equitable distribution of values to adjoining property. It wields a powerful influence in civilization. It has forced governments to sign treaties of peace and at its bidding nations have sprung into life or sunk into oblivion.

Its presence in a country is a sure sign of prosperity and its absence a most withering blight. Trace our development dollar to its source and we have located the money centers of Europe and America and we are drawing from them a million dollars per day and putting it into the industrial life of the State.

The domestic dollar can never develop Texas. It is already at work; at least as much of it as cares to labor. A dollar that withdraws from one investment and embarks in another has added nothing to the volume of our circulation medium or increased the amount of our property. It is the foreign dollar that adds volume and brings new property into the State. Property is the basis of prosperity and a dollar that moves into the community brings with it as much community prosperity as the dollar taken from the soil. We must look to the foreign dollar to build Texas. There is no other way.

The Twilight of Life.

The muscles of the stomach in old age are not as strong or active as in youth and in consequence old people are very subject to constipation and indigestion. Many seldom have a bowel movement without artificial aid. Many, also have unpleasant eructations of gas from the stomach after eating. All this can be avoided by the use of Dr. Caldwell's Syrup Pepsin, which permanently regulates the bowels so that passages come naturally, and so strengthens the stomach that food is digested without discomfort. It is absolutely guaranteed to do what is claimed, and if you want to try it before buying, send your address for a free sample bottle to Pepsin Syrup Co., 119 Caldwell Bldg., Monticello, Ill. It is sold by all dealers at 50c and \$1 a bottle.

Eccentric Will.
 By the will of a French lady who died recently a farm was left to the town on condition her family vault was kept in repair; while the rest of her estate was to be divided among those attending her funeral.

A Household Medicine

That stops coughs quickly and cures colds is Foley's Honey and Tar Compound. Mrs. Anna Pelzer, 2526 Jefferson St., So. Omaha, Neb., says: "I can recommend Foley's Honey and Tar Compound as a sure cure for coughs and colds. It cured my daughter of a bad cold and my neighbor, Mrs. Benson, cured herself and her whole family with Foley's Honey and Tar Compound. Everyone in our neighborhood speaks highly of it." For night coughing, dryness and tickling in the throat, hoarseness and all coughs and colds, take Foley's Honey and Tar Compound. Contains no opiates. Always in a yellow package. Willmann & Martin.

Free If It Fails

Your Money Back if You are not Satisfied with the Medicine We Recommend. We are so positive that our remedy will permanently relieve constipation, no matter how chronic it may be, that we offer to furnish the medicine at our expense should it fail to produce satisfactory results.

It is worse than useless to attempt to cure constipation with cathartic drugs. Laxatives or cathartics do much harm. They cause a reaction, irritate, and weaken the bowels and tend to make constipation more chronic. Besides, their use becomes a habit that is dangerous.

Constipation is caused by a weakness of the nerves and muscles of the large intestine or descending colon. To expect permanent relief you must therefore tone up and strengthen these organs and restore them to healthier activity.

We want you to try Rexall Orderlies on our recommendation. They are exceedingly pleasant to take, being eaten like candy, are ideal for children, delicate persons, and old folks, as well as for the robust. They act directly on the nerves and muscles of the bowels. They apparently have a neutral action on other associate organs or glands. They do not purge, cause excessive looseness, nor create any inconvenience whatever. They may be taken at any time, day or night. They will positively relieve chronic or habitual constipation, if not of surgical variety, and the myriads of associate or dependent chronic ailments, if taken with regularity for a reasonable length of time. 12 tablets, 10 cents; 36 tablets, 25 cents; 80 tablets, 50 cents. Sold in Hondo only at our store—The Rexall Store, Willmann & Martin.

A Mail Carrier's Load

Seems heavier when he has a weak back and kidney trouble. Fred Duehren, Mail Carrier at Atchison, Kas., says: "I have been bothered with kidney and bladder trouble and had a severe pain across my back. Whenever I carried a heavy load of mail, my kidney trouble increased. Some time ago, I started taking Foley Kidney Pills and since taking them I have gotten entirely rid of all my kidney trouble and am as sound as ever." Foley Kidney Pills are tonic in action, and quick in results. Try them. Willmann & Martin.

Queer Place for Wedding Ring.

Even the fellow who is left may feel that he has a perfect right.

No Calomel Necessary.

The injurious effect and unpleasantness of taking calomel is done away with by Simmons' Liver Purifier, the mildest known liver medicine, yet the most thorough in action. Put up in yellow tin boxes only. Price 25c. Tried once, used always.

Spectacles are sometimes worn just for the looks of the thing.

Don't Use Calomel.

Those who know, always use Simmons' Liver Purifier, because it is just as thorough but does not gripe or sicken nor cause injury. (In yellow tin boxes only.) Price 25c. Tried once, used always.

Alone Under the Tree
With a Green Froggie.

A sad little girl sat under a tree.
"I'm so lonely, so lonely, so lonely!" sighed she.
"Oh, why won't somebody play with me?"
But no one came but a green froggie.
"Doncher grump, doncher grump, doncher grump!" said he.

"But what shall I do to be gay?" sighed she.
"I wish somebody would please tell me!"
And no one did—but a bumblebee.
"The bizzee, be bizzee, be bizzee!" said he.

Farmer Game.

For this game all pretend to be farmers. The players are divided into two equal sides. One of the sides goes off at a distance to determine upon what fruit or vegetable to bring to town and how to show the manner in which it was raised. Then the acting side marches in a line to the guessing side, which says, "Who are you?" The acting side announces "Farmers." "What do you sell?" "Products from our farm." "How did you raise them?" "This way." And the acting side goes through some motions agreed upon which shows how the potatoes were dug or put into bags. If corn is chosen the planting may be shown, or the cutting, the shocking or the husking. When fruits are chosen the players may pretend to be planting, pruning, picking or packing. As soon as the guessing side guesses the product the acting side runs, for the players on the other side try to capture as many actors as possible. If the product is not guessed, but is given up, the acting side chooses another product and has another turn at acting. The object of the game is not only to guess the product, but to capture farmers. The first side capturing half of the farmers of the other side wins the game. If the game starts out with eight players on each side, the side which grows to have twelve players first wins the game.

Stung on the Tongue.

Ever get stung by a bee? It is not pleasant. If there are plenty of bees they sting you in the most convenient place, but if there is only one you are pretty sure to get it on the nose, quite as if the bee understands that it could not do much worse for you. One bee that lived down south in Indiana went a little further than that. The man that it was stinging had a difference of opinion with him about his mouth open and it stung him on the tongue. It is hard enough to be stung on the nose, but there is all outdoors for the nose to swell into. The tongue has not so much room, and the man was nearly suffocated before the swelling went down. You see, the real cure for a bee sting is a poultice of mud, but the man said that he did not like the taste of mud, and so his tongue had to stay swollen for awhile.—Chicago News.

Conundrums.

Why might you be justified in picking the pockets of a photographer? Because he has pictures (pick yours).
Which of the planets has the most music? The moon, because it is constantly changing quarters.
When does a caterpillar improve in behavior? When it turns over a new leaf.
Why should a quill pen never be used in inditing secret matters? Because it is apt to split.
What trades does the sun regularly follow? Those of a tanner and a portrait painter.
What kind of medicine does a father take for a wayward daughter? He takes an elixir the takes and he flicks her.—Philadelphia Ledger.

Cradle Song.

Here is a little cradle song the Italian mother sings when bedtime comes and the little ones are sleepy:
A long one and a short one:
Do you wish me to tell you a long one?
This is the finger, and this is the nail.
Do you wish me to tell you a short one?
This is the finger, and this is the end of it.
Here is another short one:
"Once upon a time there was a king
Who ate more than you.
He ate bread and cheese.
Fah, pull his nose.
Then the mother pulls the baby's nose."

Japanese Tag.

This makes an amusing variation on the old game of tag. When a player is tagged he must place his left hand on the spot tagged and keep it there until he has caught some other victim. The game works out in this way: The one who is "it" endeavors to tag a runner on the knee or foot, so that his efforts to tag any one with his hand on this part of the body will be awkward and amusing.

A Liver Medicine That Beats Calomel

Dodson's Liver Tone Does the Same Work as Calomel Without Making You Sick. It is Vegetable, Tastes Good and Never Fails.

Everybody who has ever taken calomel knows what a strong drug it is. Calomel spurs the tired liver as if it were a tired horse, and while the liver works harder for a little while, it is soon weaker than ever.

Dodson's Liver Tone is a vegetable tonic that gently induces the most sluggish liver to work. Taking it is followed by no bad after-effects. No restriction of habit or diet necessary. For either children or grown people.

W. H. Windrow sells a large bottle of Dodson's Liver Tone for fifty cents and guarantees it to be a perfect substitute for calomel and will give you your money back if it disappoints you.

Clement Kruike visited in the Alamo City Sunday.

Misses Katie and Agnes Zinsmeyer attended the San Antonio Fair Friday and Saturday.

Louis Franger of D'Hanis was here for the surprise party at Mike Franger's Sunday night.

A pleasant surprise party was tendered to Mr. and Mrs. Mike Franger at Idlewild. A large crowd was present and reported a most enjoyable time. At 12 o'clock a fine supper was spread to which ample justice was done. At a late hour the sweet strains of Home Sweet Home were played which sent everyone to their respective homes very much enjoyed.

Alfred Mangold made a flying trip to Castroville Sunday.

Adolph Reymann and family of Idlewild spent the day Sunday with Mr. and Mrs. John L. Mangold.

The dance which was to be given on the 15th of Nov. at Lacoste W. O. W. Hall was postponed until Wednesday Nov. 22, 1911. The public is cordially invited. Come one, and all and have a jolly time. Remember the date—Nov. 22nd.

A. L. Cunningham of Boise, Idaho, arrived here Sunday where he will stay for about seven months in the Commissary as main bookkeeper.

Mrs. Rosa Martinez died at her home near Lacoste Sunday and was laid to rest in the Castroville Mexican Cemetery. This woman was the mother of seventeen children, sixteen of whom are living.

Teachers' Examinations.

Austin, Nov. 10, 1911.

To the County Superintendent:

You are hereby requested to give public notice that the next regular examination for teachers' certificates will be held by your county board of examiners on Thursday, Friday, and Saturday, December 7, 8, and 9, 1911, and that the following schedule for said examination has been prescribed by the State Department of Education:

Thursday: Forenoon, History of Education, Physics, Solid Geometry, English and American Literature; Afternoon, Psychology, Chemistry, Plane Trigonometry, Bookkeeping.

Friday: Forenoon, Texas History, Physiology, Spelling, Reading; Afternoon, Methods, United States History, Geography, Agriculture.

Saturday: Forenoon, Arithmetic, Grammar, Physical Geography, Plane Geometry; Afternoon, Civil Government, Algebra, General History, Composition.

The county board of examiners must not grade papers of applicants for State certificates, but the papers of said applicants, together with the reports on the prescribed forms, must be forwarded to the State Department of Education at Austin on the afternoon of the last day of the examination.

Remember that each person entering the examination must apply at the beginning for a State Certificate or for a county certificate, and that the county board of examiners shall grade only the papers for county second grade certificates. In order to build to a certificate of higher grade, a person must first get a State second grade certificate, after which, he may take the examination in one or more subjects in any examination, until he completes his examination for higher grade certificate. The applicant should not attempt to take too many subjects at one examination, but in building, it would be better for him to take the examination in only two or three subjects at a given time, and thus do better work and make higher grades.

Respectfully yours,

F. M. BRALLEY,

State Superintendent.

D'Hanis Dots.

BY TWISTER.

ED. ANVIL HERALD:—

The High School Department of the D'Hanis school is going to have an entertainment at the school house on Saturday night, Nov. 25 for the purpose of paying the last payment on our piano.

Quite a number of our people attended the San Antonio Fair last Saturday and Sunday.

Miss Sophia Raetzsch of Yoakum spent the last three weeks with Misses Lena and Kate Saathoff. Miss Sophia is bright and cheerful and made many friends during her visit. We regret that the weather was so inclement that many pleasure trips planned for Miss Sophia were failures.

Mrs. Dr. R. E. Rahm of Pflugerville, Texas, has been on a visit to her father, Mr. Jacob Reily. The Dr. spent Saturday and Sunday at the Reily home. Both left for their home on Monday.

Rev. Father Wirtz of St. Dominic church boarded the east bound train on Saturday morning for quite an extended trip amid the mountains of the east.

Mr. V. A. Johnson came to D'Hanis last Friday to take the train for the Fair but was taken suddenly ill and had to give up his trip. He left for home on Sunday accompanied by Mr. Victor Koerner, the crack wing shot of D'Hanis who promised Mr. Johnson to rid him of some of his superfluous quail.

Mr. Twomey, the bookkeeper for Mr. Louis Carle, made a flying visit to San Antonio on Sunday.

A Killing at the Damsite.

Florencio Rijas, a Mexican laborer employed on the dam, was shot in the left breast and instantly killed between 12 and 1 o'clock last Saturday night by an unknown party. The weapon used was a pistol and only one shot was fired. The dead man was about 25 or 30 years of age and without a family. He was killed in front of another Mexican's hut and when found dead had a big rock in his hip pocket as if he had been expecting trouble.

A searching investigation was made Sunday by Sheriff Joe Bader and District Attorney L. J. Brucks but it was impossible to fix the guilt, and they returned home Monday morning.
